

Intersoft Electronics Services is a one-of-a-kind Belgian engineering company active in the domain of Air Traffic Control and Air Defence radar systems. Intersoft Electronics Services is part of the Intersoft Electronics Group which includes Intersoft Electronics and Advionics in Belgium and subsidiaries worldwide.

Intersoft Electronics Services has been founded to support the IE Group and its customers worldwide, to make the skies safer. We are focusing on delivering CNS (Communication, Navigation, Surveillance) support and developing tools to facilitate the daily work of our customers which are mainly radar and navigational engineers. For our sites in Zottegem, Oostkamp and Olen, we are looking for:

All-round Service Technicians

Are you looking for a varied job in engineering? Do you like travelling? Are you eager to find the best solution to a problem? If you say a resounding yes to this, you might be our new colleague!

What will you do as an all-round service technician?

- You will be part of the team delivering (installation, setting to work, troubleshooting) specialised CNS support to our customers worldwide
- You will need to liaise with internal and external engineering teams, project partners and customers.
- You will need to execute radar and navigational measurements campaigns on airports and radar sites worldwide.
- You will work within a dynamic and eager team while having the opportunity to further develop yourself.

Your talent:

- Bachelors or Masters degree in engineering or electronics or equal by experience
- Flexibility and a high degree of autonomy are required
- Knowledge of CNS technologies and operation is advantageous but not essential
- Good knowledge or interest of analog and digital electronics, communication networks
- Good organizational skills to assure on time delivery of quality critical projects
- Can work independently and in group and can take the lead in on-site support and measurement campaigns
- You are a problem solver and a team player with an eagerness to learn.
- Good knowledge of English, knowledge of other languages can be an advantage
- You are looking for a challenging job with a lot of variation, based on your strengths

Our offer

You will be working in an eager, high-tech and dynamic engineering environment. You can set up your base camp in Olen, Oostkamp or Zottegem from which you can fly out and discover the whole wide world! Depending on your skills, expertise, flexibility, and ambitions, you will get the opportunity to help grow the company. Your salary will be competitive and evolve according to your experience, commitment and results.

Interested?

Please send your CV and a letter of motivation to hr@intersoft-electronics.com

For more information about this function or selection procedure you can contact us at the same address mentioned above.

Your talent is more important than your gender, orientation, origin, age, or disability.
