

Intersoft Electronics is a Belgian engineering company active in the domain of air traffic control (ATC) and air-defence radar. Our mission is to create groundbreaking solutions and enable our customers to properly perform their duties as air traffic controllers and guardians of the airspace. Our products and services are used worldwide!

Junior Recruiter

Are you someone who does not shy away a challenge? Like to have fun? Work in a team of driven and committed colleagues? Intersoft Electronics has it, a place to boost your life!

What will you do as a Junior Recruiter?

As a Junior Recruiter, you will play a crucial role in the talent acquisition process by collaborating with hiring managers to craft and enhance job descriptions.

Moreover, you will leverage diverse channels, including job boards, social media platforms, and professional networks, to proactively identify potential candidates.

In addition to candidate sourcing, you will be responsible for the scheduling and managing interviews between candidates and hiring managers. Your role also includes fostering effective communication with candidates, ensuring a positive and respectful experience throughout the entire recruitment journey. At quiet moments, you support the HR officer.

Your talent

- Your bright personality makes our candidates smile.
- You turn every challenge into a moment of growth.
- You are a matchmaker at heart and find the right candidate for the right job.
- You communicate fluently in Dutch and English.

Our offer

- Congestion-free working environment, flexible working hours and the option to work up to 2 days at home.
- Cool business activities with nice colleagues
- A varied job in a stimulating, high-tech working environment
- Opportunities to develop and learn to your fullest
- Permanent position with a market-based salary, supplemented with, group insurance, meal vouchers, ...
